**PANEL-MOUNTED WEATHERSEAL**

**HEAVY-DUTY TRACK**

# THERMALWEIGHT™

## Ideal For Facilities With:

- Moderate panel damage
- Moderate to severe track damage
- Higher R-value requirements

Damaged dock doors are a common problem for busy loading docks and drain valuable resources that affect your bottom line. The TKO ThermalWeight® Dock Door is designed to prevent damage to the door panels and track when impacted while also providing a high R-value in temperature controlled environments.

## DESIGN BENEFITS

1. Full height Impact-A-Track™ provides total protection against the most abusive impacts from top to bottom  
5-YEAR IMPACT WARRANTY
2. 4" thick, moisture-resistant, insulated foam core panel with damage resistant polymer interior facing  
1-YEAR PERFORMANCE WARRANTY
3. Heavy-duty, retractable plungers allow door to release from the opening upon impact
4. Tight perimeter weatherseal incorporates a double loop seal to prevent energy loss. Seal is attached to the door panel versus the door jamb, keeping them out of harm's way and providing a consistent seal
5. Heavy-duty zinc-plated steel hinges
6. One lock for security
7. Rugged door lifting handles (two per door)
8. Flexible double loop bottom seal for airtight fit to the floor

## OPTIONS & ACCESSORIES

- Super Bottom Panel adds strength and durability where most impacts occur. 2-YEAR PERFORMANCE WARRANTY
- Double Knockout Header Track allows the door to knock out in both directions at the top of the door opening (vertical lift track only)
- Thermal Pane Rectangular Window
- Anti-drift Down Lock prevents door from drifting down when springs are not adjusted properly (vertical lift track only)
- Power operation or manual chain hoist
- 3" Bottom brush seal in addition to loop seal
- E-lift Adjustable CounterWeight System in lieu of springs

4" Thick Moisture Resistant Panel

Retractable Plunger

Panel-Mounted Weatherseal
